## To The Public.

From and after this date Summerfield Bros would inform their friends and patrons that all accounts will be closed, and no new ones will be opened. Nothing hereafter can go out of the store except for cash. We take this method of informing the public and our friends of our resolution so that they will not ask for credit which will be positively refused in all cases there being no distinction. We will sell our goods from 15 to 20 per cent below former prices for cash and positively no credit to any one. We are compelled to take this step owing to the dull time, and will not deviate from this rule with any person whatever. Respectfully,

## Where is Key West?

Key West is one of the busiest manufacturing ports on the Atlantic coast. Cigars, of course, constitute the principal article of export. The Key West is situated on the Florida coast, only sixty miles from Havana. The famous Key West cigars are made from tobacco of the finest Havana procurable, and made by Cuban workmen. The tobacco only has to pay an import duty of \$2.50 per pound and 25 per cent ad valorem on cigars. The climate is the same as in Cuba, consequently the aroma is the same as in the imported cigars. Smokers should take these facts into consideration and call on Ashmun & Walker, who have just received a fresh stock of the best brands of Key West Cigars, including the "Estrellas," "Colonias," etc.
